

NEW POLICY FOR JUNE SALE BIDDERS & PURCHASERS

EFFECTIVE IMMEDIATELY!

Beginning with the 2017 June Sale, buyers will no longer be able to leave the office to get their money and return. Payment for each parcel will happen immediately after that parcel's bidding is closed.

Several counties already have this policy. Now it will be Bryan County's, also. It is becoming a trend at these sales to bid on and win a property, then go look at it and decide not to pay. By law, we cannot just give the property to the next highest bidder. It wastes our time, and the time of everyone there, to go through an auction and have a purchaser back out of payment. NOW, you will not have a chance to back out. **BRING YOUR CASH**, and be ready to stay a little longer. This procedure will take a little more time.

For those of you who pay faithfully, I am sorry that the practices of the few force this policy upon all of you. I ask for your cooperation and understanding, because I cannot make exceptions but must treat every person the same.

Respectfully,

NANCY CONNER,

BRYAN COUNTY TREASURER
